HB4134

I strongly support this bill. As an avid outdoorsman I spend a spend a lot of time in the outdoors and I've seen first hand how much damage tourists have done to our wildlife and habitat across the state. The beautiful and wild places we have in Oregon is what draws travelers to see our state. It is not uncommon to see more out of state license plates at a trailhead than Oregon resident plates these days. The negative impact on the natural world is significant. The quality of habitat and wildlife are both suffering. It is time for folks to pay their fair share in protecting our wildlife and habitat so it can survive and thrive for generations to come.
