Measure, Appointment or HB4153
Topic:

I live in a food desert and purchase most of my fresh produce from farm stands and local growers. I fully oppose communist style regulations that prevent me from feeding my family and push me into an unhealthy lifestyle dependent on mass produced goods and factories. The state has no right to tell me what to put in my body. My body, my choice and if I want to eat fresh produce from a local farm, I will do so.
