HB4145

I am absolutely opposed to your overreach of my second amendment rights. Please stop this.

You need to be going after people who are here illegally. You need to be going after people who are committing crimes, not citizen who are following the rules and regulations, and not those of us who are the ones who hired you! We the people are tired of the tyranny of our elected (which Maine's hired) officials, and the utter fact that you think we can't and won't fight this is obsessive overreach. We are tired of it and it needs to stop

Vote no on this. If you do not, you will not have a job. I will do everything in my power to make sure that everybody knows that you voted against How, we the people asked you to vote! It's not how you feel about it. It's how we feel about it. You are our person in that position. You are there voting for us, not the other way around you.

Work for us. So vote for us. And for what we want

Thank you
