I OPPOSE SB 1507.

Oregon families are having a difficult time putting food on the table, heat our homes, or even see and pay for a care provider when we are sick, let alone put fuel in our vehicles in order to drive to purchase groceries, etc.. This legislation seems bent on making matters worse for the average Oregonian when legislation should be addressing balancing Oregon's budget.

Legislators should not be balancing Oregon's budget on the backs of working families or seniors. Cutting critical services is simply wrong. Oregonians deserve better and creating a sales tax on the average Oregonian is not the solution. This is clearly taxation without representation once more.

If you want to place a new tax upon the people, put it to the vote and let the people choose. Oregonians are getting extremely tired of fighting the people who are supposed to represent them. You are not tyrants, you are there to serve the people and not the other way around.

NO to SB 1507.
