Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

Criminals don't care about these nonsense gun laws, they are aimed at law abiding citizens. You are trying to address the wrong issues, it's not a firearm issue. It is ??% a mental health issue, concentrate on those facilities, if your raising fees and taxes. Do it for the right reasons, people will more likely vote to approve bills aimed at mental health.

Respectfully!

Jason Davis
