Oregonians pay some of the highest taxes in the nation. We cannot continue to shoulder the failures of our leaders. The people should not have to fund the \$24 billion Public Employee Pension System debt after former leadership under Tobias Read as the Treasurer increased the PERS debt significantly. Under his leadership and Elizabeth Steiner's leadership, recommendations were ignored from of the consultants that were being paid millions of dollars to give recommendations. We as the taxpayers have already contributed to funding PERS with our taxes. IT is NOT our job to fund the government failures! Thank you.
