

Submitter:

Harold McNaron

On Behalf Of:

Committee:

House Committee On Education

Measure, Appointment or Topic:

HB4079

ICE is a terrorist organization. ICE officers teargas, accost, assault, kidnap and otherwise harm some of our youngest and most-vulnerable neighbors. In response to these realities, I hope that this legislation will let educators do their jobs, letting them teach, support and care for students in less-harmful environments. Following the leadership of Latino Network and other advocates for justice, I support this bill & urge you to as well.
