Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

This bill is unfair and being rammed through legislature without proper public consideration. I've voted Democrat for most of my life but these firearms restrictions in general violate our constitutional rights and give the right ever more fuel to violate the first and fourth amendments elsewhere. On top of that, the vote count for 114 was a virtual wash, so taking a posture like this is a popular initiative is nonsense. Please consider allowing the courts their due time to weigh the bills constitutionality.
