

Submitter:

David Workman

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I strongly oppose this HB, and any other attempt to limit good citizens Right to Bear Arms.

It is misguided, and will in effect create a registry of gun owners and impede law abiding citizens from possessing legal fire arms.

Criminals do not follow law...by definition... and will still have guns.

I VOTE NO on HB4145

David Workman
