HB4125

To Julie Fahey and all Legislators,

I am strongly opposed to changing anything that will reduce or eliminate the Oregon Tax kicker. You've had years to figure this out. Oregon is one of the highest tax burden states and you always want more. Start budgeting wisely and stop treating us as your cash cows. When spending other people's money it is ultra important to be frugal and consider what is truly important and what is just not necessary.

Thank you for your consideration and remember more are paying attention after the gas tax issue.
