

Submitter:

Tristan Washam

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I oppose this measure the same as all the other measures that have been proposed involving measure 114. No matter the wording or the proposal, measure 114 is a blatant violation of the Constitution, not just the federal but the state. It is inhibiting the people the right to bear arms for protection. Also the restrictions to magazine capacity is exactly that, but also unconstitutional.
