

Submitter:

Leland Richey

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

The Kicker was incorporated into the State Constitution by a vote of the people. It needs to remain there in its full capacity. If the state needs more money to fund the outrageous PERS liability they need to do a much better job of managing those finances by increasing the amount of money PERS Beneficiaries pay in to it. If this measure is on an upcoming ballot I will vote NO.
