

Submitter: Laurie Balmuth

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB4153

This is terrible legislation. Small farming is VITAL to our health and families on the south coast. Small farms should be supported and incentivized, not regulated out of existence. This bill only favors large land owners and literally takes food off our children's plates. Do NOT pass this bill.
