| Measure, Appointment or Topic: | HB4145                       |

I am an Oregon resident who supported and voted for Measure 114. I want this measure implemented immediately. The challenges and delays from the Courts is making our communities less safe. Gun violence has to be eliminated as soon as possible. The ban on large-capacity weapons magazines including the permit to purchase firearms requirement that Measure 114 stipulates should be in effect now. HB 4145 will insure that the implementation of those steps contained in Measure 114 to be effective and efficient. They need to be in place once the Court rules on this matter. It is imperative that HB 4145 pass this special session.
