

Submitter: Carol Yamada  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB4145

Hello.

Please implement the changes this bill asks for regarding gun laws. It's not designed to deny anyone the right to bear arms, but to limit some high powered automatic weapons that are often used for mass murder events.

HB 4145 must pass. The Oregon voters passed this and are losing faith in their leadership because it hasn't been placed into law and enforced.  
protect our citizens, your constituents- by passing this bill.

Regards.
