Measure, Appointment or Topic: HB4153

Good Afternoon,

My name is Brianne Crumley and I live in Gold Beach Oregon. I have a little flower stand I set up for a few months a year. This stand not only provides a little extra income for my family of five, but it also pays for itself, in regards to seed, soil, garden supplies. Why would a small little farm stand that has a good business model be pushed out, for what? I cannot stress enough how opposed I am to this bill. I believe once again this is an overstep and a direct hit on small town America farmers. Big picture who does this bill harm? Hands down it will be the hard working families. Removing the freedom to have a farm stand directly impacts the freedom for entrepreneurial enterprises. How will any farming company start if they are unable to start small? This bill makes zero sense to me. Drop Measure HB 4153!

Severely,
