

Dear Chair Representative Kropf, Vice-Chair Chotzen, Vice-Chair Wallan and members of the House Judiciary Committee,

My name is Shawn Davis and I live in Portland, OR. I am writing in to to support HB 4088. As the federal government continues to increase attacks on LGBTQ+ healthcare and reproductive rights, I am concerned for our citizens and their ability to continue to safely get professional care. We need this bill to protect them and their privacy. I love living in Oregon because of how we stand up for our citizens and we need to do that in support of this bill.
