

Submitter:

Mike Huppi

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

I strongly disagree with the state taking any money from myself and other tax payers for use in paying for retirement packages for state employees. The state needs to stop all money grabs and learn to budget the money that it already has. The tax payers are not the piggy bank for you to squander and pilfer. The taxes are too high and this is causing people and business to leave the state.
