Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4114

Thank you for the opportunity to give input on HB 4114.

I am a retired physician, wife, mother, grandmother, concerned community member, resident of Eugene for 30 years and US Citizen.

I have worked with children, unhoused members of our community, teens, young adults and elders, both in medical and other situations. People need to feel safe in order to be willing to access care when they need it. The measures outlined in HB 4114 will help to provide more safety for these vulnerable populations and is a good idea.

Oregon is a wonderful state. Let's keep it that way.

Thank you for your hard work in these difficult times. Please support HB 4114.
