HB4138

First, thank you for the opportunity to give input on HB 4138. I will try to keep this short.

I am a retired physician, wife, mother, grandmother, concerned community member, Eugene resident for over 30 years and US citizen. I had hoped to never see the activities of our government so closely resemble Nazi Germany during WWII. But we are seeing actions which would have been unthinkable even a year ago. The HB 4138 provides some simple but clear remedies to help improve this situation. Law enforcement should be identifiable with both formal identifiers on a badge and with the ability to see the person's face. If someones civil rights are being violated, with proper identification there can be accountability. That goes a long way toward increasing trust, responsible law enforcement and reduced harm.

Please support passage of HB 4138. We love Oregon and want to keep it the wonderful, peaceful state we know.

Thank you!
