

Submitter: Ritch Hanneman  
On Behalf Of: Against violence to law abiding citizens  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB4145

This has to be one of the dumbest bills here if that is possible. How a legal council can put this stuff together and not get fired is beyond me.

The violence in the streets by DSA troops and Antifa ( democrat replacement for the KKK ) and illegals . Must stop . The on going lack of law enforcement of laws .

Increases the need for self protection not decreases it. But , as politicians in the pockets of Cartels and DSA and supporters of Antifa etc. you already know that.

Remember soon it will be time for elections . And we the voters in Oregon are tired of this stuff enough is enough. Why is it Bruen and Heller and many other SOTUS decisions aren't sinking in and are the LAW of THE LAND.
