

I urge all elected officials to strongly oppose HB4145. This measure is blatantly unconstitutional. It would infringe on the clear constitutional rights of Oregonians while providing no benefits to society. It would only make it harder for law 11.899 citizens to defend themselves. It would only benefit criminals and gangs that would have more free reign to victimize their neighbors. Gun registries, which this bill does include, are a stepping stone to gun confiscation. No society that disarms its citizens is free. The only reason the USA was not attacked by Japan in WWII is because of its armed citizenry. Japanese general after the war: **“I would never invade the United States. There would be a gun behind every blade of grass”**

No To those who would ask “Who needs an AR15” I would respond : Every European Jew in 1939.

HB4145 is flawed at every point and should be sent to the trash bin of history.
