Committee:	House Committee On Judiciary
Measure, Appointment or Topic:	HB4114

Resisting enforcement of laws makes zero sense. I get it that it's the Dems agenda this session to fight all things related to those illegally here having any consequences for doing so, but it negatively affects all of us. Catch a clue. Don't want to have issues with the law? Don't break the law! For a bunch of such well educated people, this simple concept seems to be beyond comprehension.
