Chair Grayber, Vice Chair Muñoz, Vice Chair Scharf, & Members of the Committee -

I am very supportive of HB4093 to support disabled people's ability to work in Oregon.

Reasonable accommodations are key to supporting disabled people while they get an education and in the workforce.

As a parent of a transition age teen, I want them to have opportunities to work with the reasonable accommodations they will need to be successful.

The disabled community is one of the most un/underemployed populations primarily because of being unsupported, misunderstood and not enough awareness with employers about what accommodations can look like. This bill will go a long way towards addressing systemic ableism in the workplace and allowing more disabled Oregonians to work.

Please vote YES on HB4093.

Thanks for your consideration.
