

Submitter:	Stephen Hunter
On Behalf Of:	NAV
Committee:	House Committee On Judiciary
Measure, Appointment or Topic:	HB4145

I firmly oppose HB 4145 and request this committee oppose it also. Adding more restrictions to a right our founding fathers deemed necessary for the preservation of life, liberty, and freedoms is wrong. Only a tyrannical dictator wishes to control the power of the people. This bill tightens the screws of tyranny and must not be allowed to proceed.
