

Submitter:

Scott Schneider

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

Please leave the Kicker refund language as is! Leave it as it was written into our Constitution. I do not want it reformulated so that the State can use more of the overpayment of taxes for their own purposes. I work hard and my taxes are high. If there is an overpayment, I want it credited back to me. I recommend the State cut their programs and budgets elsewhere if they need additional funds beyond what is already determined in their state budget.
