Measure, Appointment or Topic: HB4125

Dear Chair Nathanson, Vice Chairs Reschke and Walters and members of the House Revenue Committee,

I am an Oregon voter in 97202. I want to urge you to support HB 4125 to modernize the Kicker. Please vote to move it forward!

The Revenue Forecast Modernization Act (HB 4125) is a solid government measure to create more accurate revenue predictions and thus a more stable state budget.

We need increased resources

- more revenue - in order to fulfill basic and foundational social promises of quality public education, access to housing and food security, and social services and medical care. It will take

more than passing HB 4125 to generate the necessary revenue, but it is a step in the right direction.

I will be paying close attention to the elected officials who support HB 4125 for election season. I will not look favorably on officials who do not support this step in the right direction. Our schools are in desperate need of funding. Frankly, it's embarrassing how underfunded our schools are. It will take more than just modernizing the kicker, but this is at least a start.

In an environment of massive inflation, huge federal funding cuts to social services, and no meaningful increases to income it is NEGLIGENT to not develop other revenue streams to fund education and social services.
