Keep Oregon 'Oregon'

I've lived in Oregon for about 50 years and I love this state for its beauty from the desert to the mountains to the sea. People from all over the world come here to enjoy its treasures. Which mostly are free! But if we don't fund the preservation of our natural resources and wild habitats, they will diminish and so will a huge portion of our economy. And, of course, our quality of life. It only makes sense that visitors to Oregon help to preserve it by chipping in via a tax on the tourist accommodation!! I will gladly pay it as I continue to explore the beautiful state!
