I oppose this bill. We have been over burdened by the amount of taxes from every other aspect of our lives. The fact that the current governing body can't get it through their heads that they can't keep robbing us to pay for their lack of budgeting skills or overspending, is astounding to me. Thousands of families can't keep food on their table now, let alone another tax push. Get your spending habits in order and quit stealing from us to make up for it. You work for us, not the other way around.
