

Submitter:

Nikki Morgan

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

I know I am only repeating what YOU already know...people want and need the kicker monies refunded to them. If anyone wants to donate their kicker to a cause they can give it to a cause of their choice.....not your choice. Overpaid tax monies belong to those who overpaid it - not to you. Why are you trying to bully your way to divert this money? You, the government people that we elected to your positions, should be working for the people who elected you - not against us - WHEN is this going to start happening? I cannot believe how far downhill we've become in this state because our elected officials don't care to follow "...of the people, for the people and by the people". Do your jobs as you promised.
