

Submitter:	Bonnie Hadley
On Behalf Of:	Regular Oregon taxpayers
Committee:	House Committee On Revenue
Measure, Appointment or Topic:	HB4125

When individual households encounter financial hardship or shortfall, we examine our expenditures then rein in our spending according to our means. The State needs to do that. Instead of asking already over-burdened taxpayers to give up more of our hard-earned incomes, the State needs to carefully assess how their existing generous funding is being spent. Or should I say wasted? Leave the Kicker in place, as specified by law, and audit all state agencies. Cut spending.
