Legislators:

The "kicker" refund of 1979 needs no updating or diminishing changes. If the budget estimates are inaccurate, the people deserve and demand the moneys returned. As many people argue "oh, for the children and schools", more funding has not helped our children. Just look at the educational comparisons of the USA-- Oregon is below #46. (Sad). If more funding is required, do not ease tax burdens of data centers or spend my tax dollars on Portland hotel or posh restuarant. Citizens, businesses and, yes, ball players all need to pay the taxes owed. Too much coming in, then return it.
