Re: Micro-Enterprise Tariff Adjustment Grant

Chair Nguyen, Vice Chairs Isadore and Skarlatos, Members of the House Economic Development, Small Business and Trade Committee:

I, Phuoc Nu Dong Thich, write in support of House Bill 4061 and the -1 Amendment creating a Micro-Enterprise Tariff Adjustment Grant.

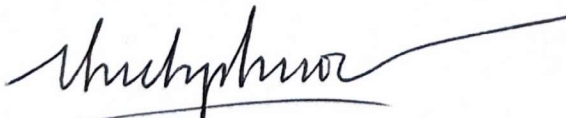

I am a small business owner for a small business (named "Van Nien Vegetarian") that sells a variety of vegetarian foods: noodle soups and sandwiches.

I import all my goods from Vietnam and China, and over the last year my costs have increased 30% due to tariffs. These increases in costs are a shock to our operating budgets. This is forcing me to increase my prices, close my shop more often, and drastically cut down my menu.

The Tariff Adjustment Grants would be a lifeline to help me keep my doors open.

I greatly urge for your support of the -1 Amendment and House Bill 4061.

Sincerely,

Phuoc Nu Dong Thich
