

## School Meals for All (SB 1581)

To Senate Committee on Education,

Growing up as a child I didn't realize how lucky I was to attend a school where free lunch was available. This opportunity allowed me to focus on school and learning instead of wondering where my next meal would come from. I do not come from a rich or affluent family yet I am an honor student who graduated from Ontario High School thanks to a lot of these programs that gave me the opportunity to flourish academically. Paying for school lunch is something a child should not have to worry about, there is nothing more important than investing in our future, the children. I would greatly appreciate my tax dollars to be used to benefit children and make sure none of them go hungry.

Thank you for your time,

Isela P.

Ontario High School Graduate
