

Submitter:

Ryian Martin

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1583

I oppose this measure because having peer support services has literally saved my life. I have, unfortunately, lived a long life of addiction, but because of peer support mentors, I have overcome my addictions and am on a better path of life, one of sobriety and overall well-being. Because of peer support services, I am also able to get to and from appointments of all kinds and recovery meetings to maintain my sobriety.
