

Submitter:

Jesse Spain

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1583

My name is Jesse Spain I am a person in long term recovery and without recovery support services I would not be where I am today. Today I am a responsible, respectable, productive member of society who has been a clinician for more than a decade I continue to serve my community and to help those who are in need of substance use disorder supports. I am in opposition of this bill because this bill will directly and negatively impact the services that I provide and the people that I serve.
