HB4153

STOP PASSING LAWS that restrict a person's ability to support & feed their families. Leave farm stands alone. Stop catering to big businesses. Start actively supporting all sorts of small family farms instead of continually putting up roadblocks. Remember Victory Gardens? We need to move toward more of that, not less. You all in the government are absolutely NOT for the people anymore. Disgusting. Reverse course & stop limiting people's abilities to care for themselves.
