

Submitter:	Andrew Fort
On Behalf Of:	LEVO
Committee:	House Committee On Judiciary
Measure, Appointment or Topic:	HB4145

As an elementary school teacher I am in full support of Measure 114 and would like to see it finally implemented. Our school children spend too much time living in fear of gun violence and Measure 114 is a positive step towards mitigation of such violence. The court delays have been frustrating, especially for those of us who strongly support the measure. It was approved by voters and needs to be implemented.
