

Submitter: Cassie Crooks-Luepke

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB4125

While kickers are great and we all could use them, this state and its citizens could use a well balanced, more closely monitored budget even more! Particularly in a world where the federal government has increasingly limited transparency and decreased oversight, the citizens will benefit from the state government doing its due diligence with our budget. Be the antithesis of the chaos... actually budget.

Thanks!
