HB4125

Dear Representatives,

I am a constituent of yours in SE Portland and my child is a 4th grader at Creston Elementary School. We care about Oregon and its students. We support HB 4125 to modernize the kicker.

Now is the time to effect change and reform Oregon taxes to benefit children. It is absurd that there is continuous lack of funding for schools, starting with Measure 5 and then with Measure 50.

We are failing generations of Oregon children - and simultaneously damaging our business climate by failing to attract talented employees with families to our city due to the failures of our schools.

The structure of the Kicker right now is destabilizing to the General Fund. Without a stable, growing General Fund, public education will never get a big enough piece of the pie. The Revenue Forecast Modernization Act or HB 4125 makes budget predictions less high stakes for our children and communities.

I'm calling on you, our elected officials, to speak out boldly in favor of this bill and pass it into law. As the federal "Big Beautiful Bill" legislation starts to take effect, Oregon's General Fund will require a solid foundation, and the current Kicker is a perpetual crack in that foundation. Please support a revenue prediction system that ensures investment in our children and in the future small business in our state.

Sincerely,

Monica Sikka
