Hello, The M110 has helped us so much in this recovery community by providing us resources to getting homeless people off of the streets as well as having a safe place for individuals to come who are struggling. It has also helped so many organizations collaborate and work together to provide better services to our communities. I really hope we continue to get get help from M110 because it has been so crucial in helping us help our communities by providing organizations with the things we need to support this recovery community. Thank you have a blessed day!
