I strongly oppose HB 4125. You have many testimonies to read so I will keep this short. 250,000+ signatures. 38 days. Non-partisan citizens across this state have declared enough. No more.

To say this legislature spends our money like drunken sailors on payday does a disservice to sailors everywhere. This legislature, this governor has and continues to prove they can not be trusted. Drop HB 4125 in the trash can and think of the taxpayer for once in your career. No on HB 4125.
