On Behalf Of:	Libertarian Party of Oregon
Committee:	House Committee On Judiciary
Measure, Appointment or Topic:	HB4145

My name is Will Hobson, Communications Chair with the Libertarian Party of Oregon.

Oregon Libertarians are **STRONGLY** opposed to HB 4145. Increasing barriers and delays, like doubling processing times and more than doubling permit fees, **FURTHER** disenfranchises peaceful and lawful Oregon gun owners and would-be gun owners from their constitutional rights.

It also, bizarrely, creates separate classes of citizens: some with the right to use larger-capacity magazines and some who cannot. This alone should disqualify the bill from further consideration.
