Measure, Appointment or Topic:

HB4125

I am a constituent of SE Portland. I have a third and fourth grader in Portland Public Schools. I have been a public school teacher for 16 years. While I currently serve on the Portland City Council, I am not officially speaking on behalf of the City. I am speaking as a mom and educator.

I care about ALL of Oregon and its students. I support HB 4125 to modernize the kicker. NOW is the time to effect change and reform Oregon taxes to benefit children and future small businesses. I am deeply worried about the continuous lack of funding for schools, starting with Measure 5 and then with Measure 50.

We are continuously failing generations of Oregon children - and simultaneously damaging our business climate by failing to attract talented employees with families to our city due to the failures of our schools. The structure of the Kicker right now is destabilizing to the General Fund. Without a stable, growing General Fund, public education will never get a big enough piece of the pie. The Revenue Forecast Modernization Act or HB 4125 makes budget predictions fewer high stakes for our children and communities.

I'm asking lawmakers to speak out boldly in favor of this bill and pass it into law. As the federal "Big Beautiful Bill" legislation starts to take effect, Oregon's General Fund will require a solid foundation, and the current Kicker is a perpetual crack in that foundation. We need a revenue prediction system that ensures investment in our children and small businesses in our state.

Best,
