HB4125

I am writing in support of HB 4125 the Revenue Forecast Modernization Act. I am a resident of Salem, Oregon. HB 4125 supports Oregon communities by improving how the state plans for the future. More accurate and transparent revenue forecasts help ensure funding decisions reflect real needs—like schools, healthcare, housing, and public safety. By modernizing the forecasting process, this bill helps build trust and creates a more stable foundation for families and local communities across Oregon.
