Caley Bell

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

I strongly oppose HB 4125. That is our money and like most Oregonians this day and age we need that to help us financially through the year. We are already over taxed and yet legislators are trying once again take our money. We already sent a big message by gaining 250,000 plus signatures on the tax hike telling you no. Leave our money alone.
