On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1527

My name is Aubrey Raney-Avers and I am asking you to support SB 1527. Cervical cancer screening is a life and death issue and cost should not be a barrier to screening. These changes in law will make it affordable for women to have this screening done, and just as importantly, not subject them to additional fees in the event that a follow-up screening is necessary. Please support this bill and thank you for your time.
