

Submitter:

Stacey Abosamra

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

The Revenue Forecast Modernization Act (HB 4125) is a solid government measure to create more accurate revenue predictions and thus a more stable state budget.

We need increased resources

- more revenue - in order to fulfill basic and foundational social promises of quality public education, access to housing and food security, and social services and medical care. It will take

\*more\* than passing HB 4125 to generate the necessary revenue, but it is a step in the right direction.

I'm coming from the perspective of someone who works in healthcare and has seen the social barriers to wellbeing that lack of funding to schools, food banks, and housing security and how that affects health outcomes negatively. We need to care for our most vulnerable communities in order to ensure progress and protect the future of Oregon. This measure is a start.
