Co-Chairs Helm and Owens, Vice-Chair Finger McDonald, and members of the House Committee on Agriculture, Land Use, Natural Resources, and Water:

My Name is Jen Ells and I am a community member in Bandon. I am writing to you today to express my opposition to HB 4153. Farm stands are a vital part of connecting the public with our food system and building an understanding of what it takes to go from field to fork. But HB 4153 would restrict who is allowed to have a farm stand, replace current definitions with Farm Stores, and give large land owners privileges at the expense of small farm stands in Oregon. We need to find a better solution.

I care about this because in my rural area, I support the small farms that bring produce directly to my house. I buy the majority of my produce from local farms, and that availability would disappear with this bill. For personal health, environmental, and community building, local produce wins. Small farms are able to make environmental choices that help with our climate solutions. We want to support our small farms that contribute to the fabric of our community. Taking away produce stands, the way we get our local produce, and one way these small farms produce revenue seems backwards and counter productive. I frequently go to a farm stand that would not meet the acreage requirements in section 2.2 of the bill. Small farms need to have the same opportunities to sell their produce as larger farms.

Why should large acreage farmers gain privileges at the expense of smaller acre farmers?

Why should a small farm be any less legitimate than a large farm when it comes to defining farm use?

We are asking you to not place a higher burden on the smallest farms. This bill takes away opportunities from small land holders and farms in order for larger operations to be able to host more events. This is not a good bargain for Oregon and a better deal must be found.

Thank you,

Jen Ells
