The Kicker tax has been altered enough since the people voted it in. The Oregon government needs to budget and cut the fat. Get down to basics, what is really needed, and cut the rest until times are better. I pay enough taxes to Oregon and I am down to the basics because I cannot afford to spend money on my wants, only my needs. Tighten your belt Oregon, just as, we, the taxpayer are doing. I vote NO to anymore tax money being robbed from the taxpayer.
